Fermann

Above the clouds is a wonderful world, far from reality -
stretch the wings and fly between the clouds.

In the fresh and natural atmosphere, we bring you the brand-new experience
integrating touch, smell and exotic sentiment.

DREAMY

There used to be a saying:

Beauty is the sensitive demonstration of concept.

The sky, cloud, water, reflection and full pond of lotus were the feelings
cared by Monet, the great Impressionist in his paintings.

He changed the transient into the eternal.

And the new season DREAMY design also approaches the dreamy sensitive
demonstration through respect for the nature.

Fermann

The two wings dance in the wind like airy spirit. Milky color
system design creates a hollow peace.

Like floating on the clouds of the thousand-year snow
peak, it makes us imagine a dreamy world where the time and space
of the past and the future blends.

S N O W P E A K

Fermann

Life pleasure seems to be interpreted in the lotus-like elegant shape, together with the delicacy and beauty created by the exquisite craftwork. In the combination of black and white, the black color implies nobility and infinite elegance. It sometimes has the agitation, and sometimes has the dramaticism. It is also the trendy and unchanged element, lines and sketch nature.

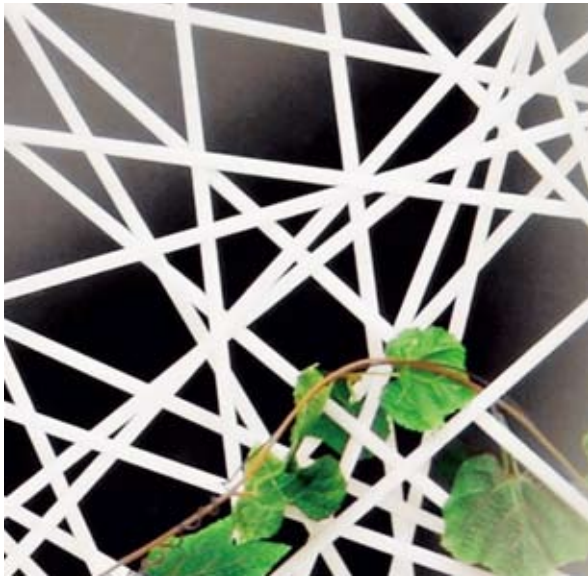

C A L L A

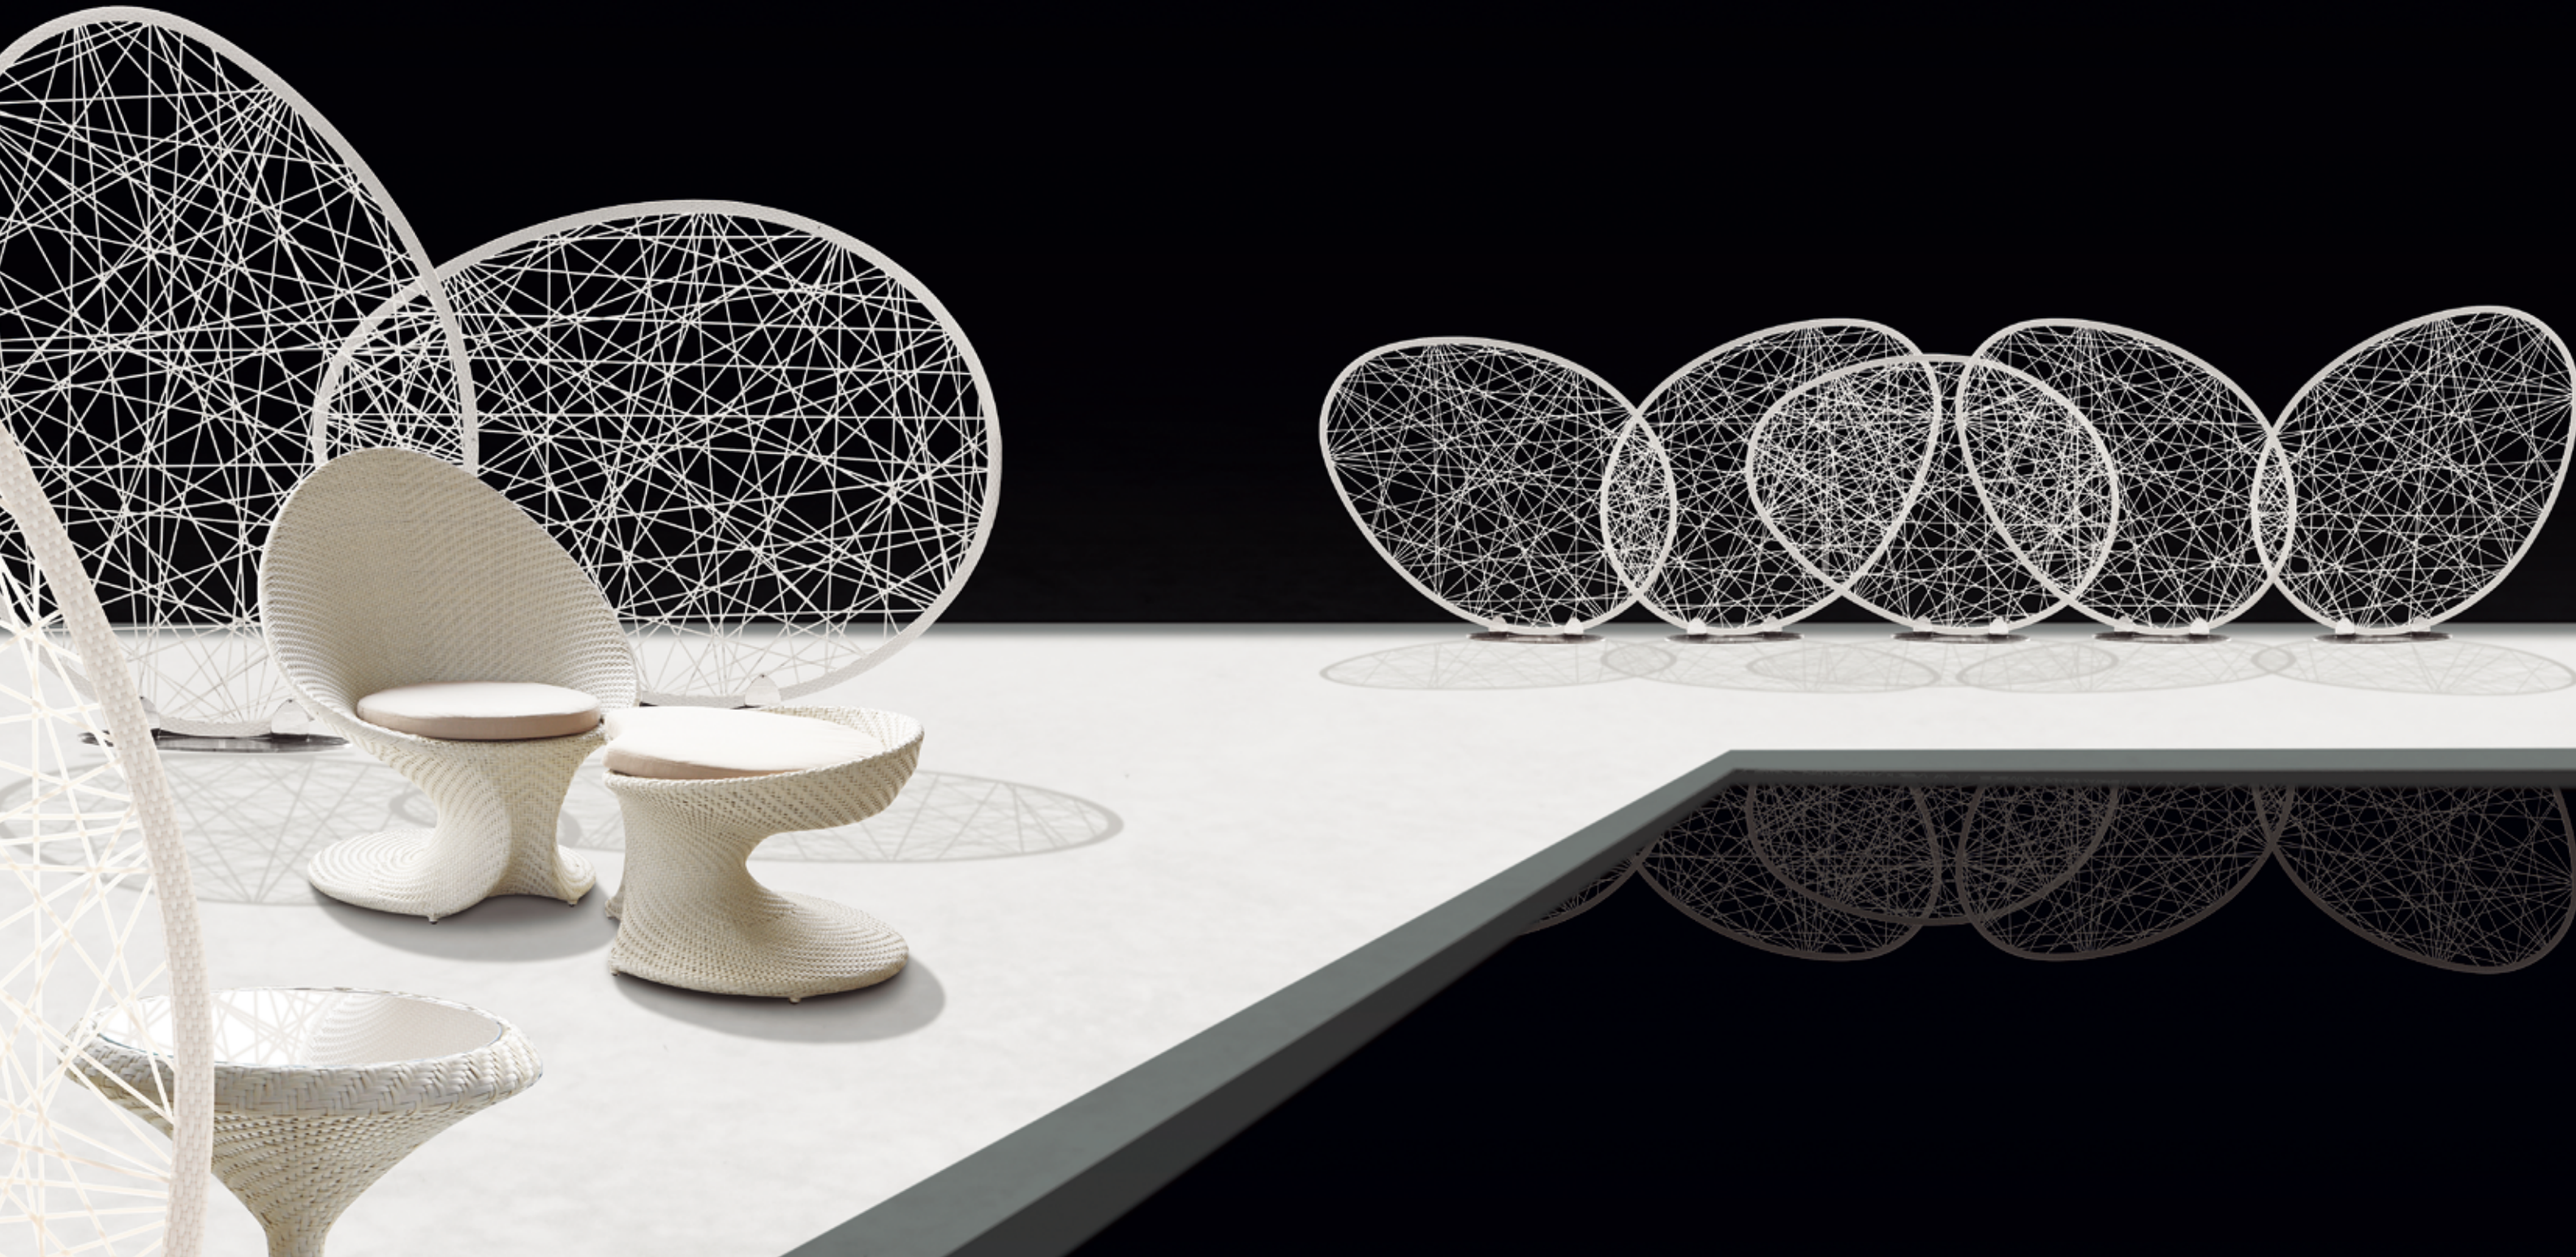

This is a symphony of light and textures.
Light and shade penetrate the screen to form the dancing spots,
swirling on the attractive skin.

I C E - S C R E E N

Fermann

They are the musical notes of designers, and are the flying thoughts,
and even the dreams of everyone.

R E V E R I E

Fermann

UK

Touring different places of the world and experiencing different nations and cultures,
I love the colorful lifestyle, with the matches making life fantastic.
Using the hands of an artist, I weave the ideal life and make the home better.

Changes of mind, changes of fashion.

Weave the dreamed garden with the words difficult to express.

D A I S Y ' P O E M

R H Y T H M O F L I G H T

Lingering charm can only be sensed and cannot
be explained in words.

It is a kind of heart-felt emotive aftertaste
of artistic inspiration brewed through sediment of time.

Fermann

The nature of life blooms gorgeously in the sunlight,
and poetic feeling
and romance also quietly wakes.

S U N F L O W E R

Fermann

Sunlight penetrates the hollowed-out rattan patterns and is refracted on people's smooth and soft skin. The embossed effects of the patterns give us a kind of extremely bright wonderful experience of grained shadows.

The new season design is the inspiration gained in the flow and changes
of light and shade. What it brings is the classical sweet
and sexual style beyond description.

S T A R P U R D A H

When you close the eyes with the tender hands,
light and shade are surrounding you,
and you feel like freely breathing and running in the nation filled with sunshine.

S I L H O U E T T E

Complicated braiding handwork and precise techniques
are full of the fine details of thousand ramifications
in the simplified contour.

A N G L E

Use abstract methods to express the source of inspiration.

Exquisite and dense textures
interpret the legendary elegance.

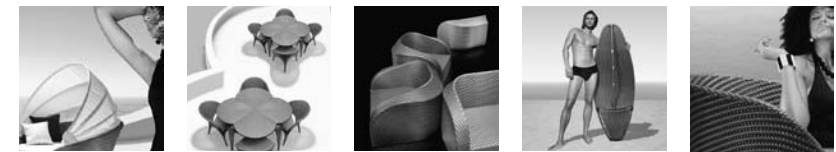

Fermann

Only now and again a sadness fell upon me, and I
started up from my dream and felt a sweet trace of a strange
fragrance in the south wind.

TOUCH HOUR

Time is the master of carving, creating the
past memory, present inspiration and future expectation.

When all is gone with the wind, what is left is
the contour of classic fashion that outlines the
elegant scenery of life course.
