FERMANN COOKER

Super Star of TV shopping&Website Selling!
Areal Multi Function Cooking System!

Stovetop low: saute

Slow cook high: 4hours

Stovetop high: sear

Slow cook low: 8hours

Infinitely variable speed adjuster

LED display screen

Slow cook warm: keep warm from 0.5 to12 hours

Oven(bake/roast)

Time and temperature switch button

FM-600D/FM-603D/FM-605D

FEATURES

*Capacity : 6 Quart / 5.6L (can accommodate up to a 6lb chicken or 4 lb. roast)
*Large temperature range 60-220℃ (Settable temperature 120-220℃) let you
  one pot meal making in fast way on your kitchen countertop
*50% faster with 50% less fat and more Juicy , Moist , Tender - Complete DELICIOUS
*Stainless steel housing / color painting - CYBER / SMART / EASY CLEANING
*Detachable 3mm thickness Deep Draw aluminum inner pot , with Whitford double
  layer water-based non-sticker coating (dishwasher safe)
*Transparent tempered lid for easy viewing
*Cool-touch plastic handle
*Programable - Digital + Mechnical operation
*Non-skid silicon feet
*LED display
*Time and Temperature switching
*Total 7 strong functions including STOVE TOP (LOW/HIGH) + SLOW COOK
  (HIGH/LOW/KEEP WARM) + OVEN +STEAMER
*Heating element with patent design , being extremely even

PARAMETER

110-120V~60Hz, 1350W;

VACUUM BAG SEALER

HAND HELD VACUUM PUMP

NEW

9937

FEATURES
*Fully automatic operation works with just the touch of a button.
*Two LED indicator light (Red light for sealing bag , Green light for the Vacuum)
*Seal & Cut in single operation
*Vacuum power : 17W+/-10W / 0.5 bar
*Low Noise/Low vibration : 80 DBA max
*Suction power in 375mmHg / 50kpa
*Power cord storage compartment
*PVC power cord 2*0.75m², visual length 130cm include plug
*Include 1 roll 3M*0.28M plastic bag , thickness 0.18mm
*Air flow max in 4.8 L/min
*Sealing Wide 2mm
*The Souse Vide Vacuum Bag Sealer is designed specifically to prepare food for souse vide cooking, but also works as an everyday sealer for packaging any food to retain freshness. It features easy touch-top activation - simply push down to start sealing.
*Proper vacuum sealing prevents food shrinkage and locks in nutrients and flavor. The elimination of air from the pouch also allows for efficient heat transfer when cooking souse vide.

PARAMETER
110-120V 50/60HZ 110W

9939

FEATURES
*Three significant function: Blender Vacuuming, Bag Vacuuming, Canister Vacuuming
*DC and AC optional electricity supplying
*ABS housing.
*With LR6,AM3,AA 1.5V battery or adapter for charge
*Suitable for bags, canister, blender, prevents oxidation by blocking the contact with air
*Clear indicator pointer with automatic stopping
*Power indicator light
*Easy of use
*Preserving freshness and nutrients
*Low power consumption
*High compatibility Helps
*Minimizes destruction of nutrients made un the blender 12/Prevents oxidation by blocking the contact with air
*Fresh storage of blended materials for longer time
*Easy single button operation for convenient usage
*Clear indicator pointer with automatic stopping
*Pressure relief button for easy removal

SOUS VIDE IPX7
WATER PROOF

FM-8008

FEATURES
*IPX7 water proof level
*Temp Range:0°C to 90°C+/- 0.1 °C
*PTC+brushless motor construction will not have "Anova" global patent(shaded-pole
 motor and heating tube) problem.
*PTC heating element make appliance durable and stable, faster to get to the setting
 temperature, far better than heating tube, the max. temperature is 300°C when heating
 all the time without any stop but heating tube is 600°C,the PTC is more safety.
*High efficiency brushless DC motor; fast speed, low noise, quick response
*ABS material is imported from Germany Bayer, fire-proof class. It will ensure your
 operation for high temperature heating is in safe conditions. Enjoy the long life time
 service for our sous vide with the perfect housing.
*Black background light screen display with °C&°F readouts
*Pump Speed:1-1.2GPM 7-8 LPM
*Directional Pump:360 Degree
*Tan Capacity: Max 10 Liters
*User-adjustable temperature calibration
*Max time:99 hours
*Stainless steel 304 pump
*Easy disassembly for cleaning
*VDE plug.
*Power cord:1.0m length, H05VV-F3G x 1.0mm2
*Giftbox:3 layer, with glossy coating
*IM:80g/m2 white book paper, A5 size, black and white printing, within 10pages
*Carton:5 layer, double wall brown carton (A=B)

SOUS VIDE COOKER

FM-228

FEATURES
*220-240V~50/60Hz, 1200W
*120V/60Hz: 1000W
*LED display, friendly usage panel
*LED display: SET TEMP, WORKING TEMP, WORKING TIME
*5 touch control button: Power, Start/Pause, SETUP, "+", "-"
*Celsius and Fahrenheit temperature display selection
*PTC heating element makes appliance durable and stable
*Water temperature accuracy +/- 0.1 °C
*Adjustable cooking time system from 0~99:59 hours
*Illuminated digital readout LED display for easy visibility
*Safety 1: High / Low water level protection
*Safety 2: Overheat protection
*Super quiet circulation motor, to achieve the precise and even cooking
*Sepcial base design to make sous vide stand working alone
*Cooking pot size: 8L to 10L
*With alarm function:
1.Alarm when the water is over the maximum water level, error code E0H
2. Alarm when the water is less the minimum water level, error code E0L
3. Alarm when the water temperature reaches to the set temperature
4. Alarm when the set time reaches to remind user to shut-off
